

Client
Vibro Projects Ltd

Discipline
Creative

Description
Vibro Projects is a ground improvement contractor working with construction companies across the globe. When looking to design a new corporate brochure they contacted Manifest.

Execution
Demonstrating exactly the processes used was the key brief to this brochure and Manifest achieved this through a balance between on site photography and technical diagrams. The simple A4 format was chosen as it is seen as the most appropriate for the target market.

Deliverables
Brochureware
Graphic Design

Work.
